SOFTWARE QUALITY ASSURANCE | MANUAL TESTING | UAT | BUG TRACKING | JIRA

PROFESIONAL SUMMARY

Information Systems graduate with practical experience in software testing, bug tracking, and system development project management. Experienced in conducting User Acceptance Testing (UAT) and creating test scenarios using the Equivalence Partitioning technique. Proficient in using tools like Jira for issue tracking and troubleshooting to ensure application stability prior to the deployment phase.

TECHNICAL SKILLS

- Testing & QA: Manual Testing, User Acceptance Testing (UAT), Equivalence Partitioning, Test Case / Test Scenario Creation, QA Automation (Selenium)
- Tools: Jira, Git, GitHub, VMware Workstation Pro, Docker
- Core Concepts: Software Development Life Cycle (SDLC), IT Troubleshooting, Bug Tracking

WORK & TEACHING EXPERIENCE

PT Telkom Akses | Procurement & Partnership Management Intern Jul 2025 – Sep 2025

- Contributed to functional testing of the internal e-procurement web application prototype before implementation.
- Ensured digital workflows and approval matrices operated according to the requirements set by the division.

Operating Systems Teaching Assistant Mar 2025 – Jun 2025

- Performed real-time troubleshooting to resolve technical issues and configuration errors on virtual machines experienced by 40+ students.
- Supported deployment practices and application management in a Linux operating system environment (Rocky Linux).

PROJECT

Web Based Decision Support System – Pilihanku (Final Year Project)

- Created test cases and test scenarios to ensure the accuracy of the system's algorithm calculations.
- Conducted system validation testing using the Equivalence Partitioning technique to verify positive and negative input conditions, ensuring a flawless user experience.
- Utilized Selenium to perform automated regression testing, ensuring the stability of web functionalities and UI elements.

Point of Sale (POS) System – Toko Amira

- Executed software testing and User Acceptance Testing (UAT) to verify the conformity of the POS interface application functions with user requirements.
- Recorded and tracked bugs and issues systematically using Jira.
- Monitored development progress alongside the developer team to ensure system launch readiness.

.

ORGANIZATION EXPERIENCE

Information System Student Association Nov 2024 – Jan 2026
President

- Led and coordinated 45 committee members in executing organizational operations and work programs.
- Conducted monitoring and evaluation of programs to ensure event execution quality reached 100% of the targeted timeline.

EDUCATION

Telkom University Okt 2022 – Jan 2026
Bachelor of Information System – Jakarta Campus | GPA : 3.64 / 4.00
Vocational School Telkom Makassar Jul 2019 – Jun 2022
Computer and Network Engineering | GPA : 94.07 / 100

CERTIFICATION

Certified System Analyst — Badan Nasional Sertifikasi Profesi (BNSP)
